

LOMBOSPORT

Lumbosacral orthosis
Ref. SRT 146

INSTRUCTIONS FOR USE

Dear Customer!

Thank you for the confidence you have shown in purchasing Triamed products! We would like to inform you that Triamed products are made of the best performing materials, all having quality certificates and biocompatibility tests. These orthoses comply with the Technical Specification and the requirements of Regulation (EU) MDR 2017/745 of the European Parliament on medical devices and comply with the requirements set out in Annex I - General Requirements for safety and performance- and Annex VIII - Classification rules. Conformity is declared on the basis of Article 52 (7), Annex II and Annex III of MDR 2017/745.

Important information

The orthosis is used according to the recommendations of the specialized physician.

Choosing the size - For optimal results, the appropriate size will be selected based on the measurements table of the product. A size too small may lead to intolerance to wearing or the damage of the product! A size too large significantly diminishes the efficacy of the orthosis.

This orthosis should only be applied in accordance with the instructions mentioned here. The product is intended for single patient use.

No liability is accepted for incorrect product use. Guarantee is bound to statutory regulations.

Available sizes

Universal size for waist circumference between 65 – 115 cm.

Indications

It is used in case of incipient intervertebral disc herniation, moderate low back pain, postoperative, in case of osteoporosis, for moderate stabilization of the lumbar spine.

Description

Orthosis with anatomical design, made of textile material, provided with:

- 4 flexible metal splints for support
- 2 elastic bands of 14 cm.

Hook and loop fastener on the front side.

Width: front 14 cm, back 22 cm.

The 4 flexible metal rods stabilize the lumbar region, slightly reducing lordosis, and the compression exerted by the elastic bands stimulates local metabolism, reducing muscle tension and pain.

Purpose

The orthosis stabilizes the lumbar region, slightly reducing lordosis, the compression exerted by the elastic bands stimulates local metabolism, reducing muscle tension and pain.

Composition

Elastic fabric with a structure that allows high air permeability in both directions.

Laminated textile. The laminated textile ensemble behaves like a moisture regulator, ensuring a quick transfer of the moisture to outward.

Positioning

The orthosis is applied from back to front, the wider part is fixed on the lumbar region of the back, the narrow part is closed in the front, on the abdomen. The lumbar part is perfectly stretched, without creases, at a correct fixation.

If it is necessary to adjust the position of the orthosis, the adjustment is made by fully opening the hook and loop fastener and repositioning the orthosis higher or lower on the body segment, depending on the need. **To avoid the damage of the material, do not pull the orthosis while is fixed.**

Cleaning

To be washed by hand with warm water, no bleaching, no spinning, no ironing, no chemical cleaning!

Storage

At room temperature, in a dry space with good ventilation.

Commercial warranty of the product: 30 days.

Date of production: see packaging label.

Validity date: no expiry date.

To validate the warranty, the seller must indicate the date of purchase. The buyer is obliged to keep and present the warranty coupon.

In order to solve the problems that appeared in the warranty, the following data must be notified: Article reference, batch and date of manufacture, indicated on the packaging box of the product.

Deadline for communication of the solution: 15 days.

Please send notifications and complaints to the following email address: supportclienti@triamed.ro

WARRANTY COUPON 30 days from the date of purchase	Batch and date of manufacture
Product reference	Date of purchase
The reason of complaint	Seller name and signature
